

Declaration of Conformity

NEN-EN 9013 and NEN-EN 1090

Based on the testing and monitoring of our production and cutting process in conformity with NEN-EN 9013 and NEN-EN 1090 we declare:

Where applicable, the cutting work carried out by 247TailorSteel is in compliance with the standards specified in NEN-EN 9013 and NEN-EN 1090-1.

Company 247TailorSteel B.V.
Markenweg 11
7051 HS Varsseveld
The Netherlands

Conformity This declaration of conformity has been drawn up because, based on the testing of our production process and the continuous monitoring of this production process, we wish to declare that all cutting work meets the technical requirements from the standards:

NEN-EN 9013 and NEN-EN 1090

The laser cutting process has been tested and validated in a recognised laboratory in compliance with NEN-EN 9013 and NEN-EN 1090.

This declaration of compliance applies to the following materials: RVS304L CRHS, RVS304L HRHS, RVS316L CRHS, RVS316L HRHS, AlMg3 EN AW 5754 H111, DC01/ST1203, S235JR HRHS, S420MC HRHS, S355MC HRHS and S700MC HRHS.
